Small Knife Skills Seminar

Sat. Jan 19th, PFC Headquarters, 950 S. Durango Drive, Suite 120, Las Vegas NV

The Small Knife Skills course outlines an effective defensive structure utilizing a small knife or knife-like object. This course follows a non-attribute based learning model presenting attendees with a methodology applicable to conventional edged tools and improvised knife-like objects common in our every day environments. A solid grounding in safety and fundamentals of defensive knife application are presented. A heavy emphasis is placed upon the student's ability to access, deploy and manipulate the knife while multi-tasking or under the stress of close range confrontation.

Course Topics/Modules of Instruction:

Safety Considerations
Justifiable Use of Force
The Knife for Personal Protection
Knife Selection - Folder vs. Fixed Blade Analysis
Understanding Criminal Assault
Carry, Presentation & In-Fight Accessing
Conventional & Unconventional Knife Gripping Methods
Edge & Point Driven Methodologies
Close Range Applications
Countering Grabs & Chokes

Required Equipment:

Street clothes, eye protection, sturdy footwear & knife training drone if you own one
All other necessary equipment will be provided
