Welcome to Infinite Possibilities of the Akashic Records

We are not human beings having a spiritual experience; we are spiritual beings having a human experience.

Pierre Teilhard de Chardin (1881-1955) French Jesuit Priest, Paleontologist and Philosopher

You've probably already recognized that you are a spiritual being having a human experience. Yet in spite of this recognition, the illusionary boundaries of third-dimensional realities seem to exhaust you on all levels of your being? Still, deep within your heart, you hear the whisperings of your soul, reminding you, that there is a deeper meaning and purpose behind your life experiences.

There is a tremendous wealth of spiritual knowledge and information that lies just beyond the edge of your consciousness. Yet this information is accessible to you and in connecting with it, it can illuminate and liberate your life and spirit beyond the third-dimensional limitations of today.

The Divine Being that you are (or your Authentic Self), urges you to seek and find a more profound experience to understand the depth and meaning of your soul. Your Authentic Self asks you to remember and reconnect with it on a conscious level. It invites you to open your consciousness to the infinite possibilities that lies within the Akashic Records.

Your Akashic Records are almost like documentation of your soul's evolution and growth through multiple lifetimes and the time between physical incarnations. The Akashic Records offers each and every person a vast amount of information about the nature of their soul, their individual spiritual evolution and Universal Spiritual Principles. Yes, all this and more lies within your reach... just at the edge of your consciousness.

One key to accessing this infinite source of wisdom is through Akashic Record Workshops with Tammi Rager. Tammi is a life-long student of metaphysical and esoteric studies. She was introduced to the Akashic Hall in the '90s has studied and worked with the Akashic Records for over 15 years. Tammi has assisted individuals seeking spiritual growth for over 20 years and now has an international clientele.

At the request of her clients and spiritual seekers, Tammi's created a comprehensive, step-by-step system to support others in their quest to access and work with their individual Akashic Records. This teaching system encourages individuals to see beyond their current realities and reconnect with their Authentic Self (the true spiritual being they are).

Tammi's system is actually more than just "reading the Akashic Records". It is an in-depth system that helps one to explore universal principles, discover the energies that shapes the human experience of the Soul and balance past/present lifetime energies for true freedom to occur.

Through numerous workshops and teachings, Tammi has restructured her system of teachings into four distinct levels which supports you on your individual journey to your desired level of Akashic Record learning. Each level builds on the previous workshop information and offers you the unique ability to learn, experience and grow at your own pace.

Working with the information found in your Records allows you to bring past/present/future into current moment, or "now"; so change, forgiveness, understanding, manifestation, growth, releasing, transcendence and more can occur at a deep soul level. Being able to interact with your own Records also helps you to be at one with all other living beings.

In addition to accessing infinite wisdom for spiritual growth and freedom, you can experience profound transformation, healing, releasing, understanding and rebalancing of limiting energies (from your past lives and the present lifetime) on the soul level through these workshops. These workshops provide not only intense methods for spiritual empowerment, but generate spiritual healing which allows you to "live the life you desire".
