

# FREE Stewardship Webinars

*What could be more convenient than attending a FREE 1-hour presentation with a nationally renowned speaker right in the comforts of your own office or home?*

The Office of Development purchases a diocesan-wide registration from *Our Sunday Visitor* that allows any parish staff or volunteers to attend one-hour webinars offered every 2nd Tuesday of the month at no cost to you. There is no limit on the number of attendees from our diocese or your parish. You may participate from your own personal computer at home or at the office. All you need is an internet connection and a phone.

As part of our diocesan-wide registration, we receive a recording of the webinar and handouts afterwards that we can copy for our parishes. So if you have missed one and are interested in receiving a free copy of the CD, contact Margaret at 208-342-1311, ext. 5139 or at [mhampton@rcdb.org](mailto:mhampton@rcdb.org).

*Note: The Development Office will not be purchasing and hosting a webinar for the month of July.*

## Gift Discernment

God has given everyone gifts. It's easier to identify the gifts of other people, but we need to be able to identify our own gifts. It's not about us: it's about what God has given us. This 60 minute webinar will offer practical tips on how to help parishioners identify their God-given gifts and find ways of using them at home, at work in the parish and in the world.
