

As the Patient Protection and Affordable Care Act (ACA) continues to bring significant and necessary reforms to our national health insurance system, it is important that all Americans understand the law's impact, especially small businesses. At its core, the ACA is working to ensure quality health care is more affordable and accessible to the American people, including you and your employees.

As a local small business owner, I would like to invite you to join me at a free forum I am hosting to learn more about the provisions included in the ACA and how they relate to small businesses. **This forum will take place on Thursday, August 8<sup>th</sup> from 10:00am – 12:00pm at the Sacramento State Alumni Center. Limited seating is available.** If you are interested in attending please RSVP with your contact information to [MatsuiRSVP@mail.house.gov](mailto:MatsuiRSVP@mail.house.gov).
