***Your Healthcare & the Affordable Care Act***

- Be informed that Healthcare for you, your children, spouse and parents will change.
- Be prepared for the changes in doctors, medications and treatment options.

Please join us for a special presentation by Betsy McCaughey Ph. D. on the Affordable Care Act, often referred to as Obamacare.. Dr. McCaughey is an expert on the 2,572 page law which she, unlike most of those who voted for it, has actually read. A former Lieutenant Governor of NY and respected healthcare policy expert, she will analyze and explain the changes to our healthcare as written into the new law. She is the expert you see on Fox News and CNBC, and in the pages of the Wall Street Journal, Investors Business Daily, and other publications. With a doctorate in constitutional history from Columbia University, Dr. McCaughey is in a unique position to decode the legalese and explain what it will mean to you. She will speak in a very clear and concise language so that you can understand this law and be prepared to deal with its ramifications when it is fully implemented in 2014.

Dr. Betsy McCaughey is the author of three books on the Affordable Care Act which are highly rated and recommended: *Beating Obamacare: Your Handbook for Surviving the New Health Care Law*, *Decoding the Obama Health Law: What You Need To Know*, and *Obama Health Law: What It Says and How to Overturn It*. Dr. McCaughey has also taught at Vassar College and Columbia University.

Catholics for Freedom of Religion is sponsoring this event and we urge you to attend so that you can be informed and prepared to deal with the impending changes to America's healthcare.
