

# Best Practices in Children, Youth & Family Ministry:

## Practical models for faith formation in the congregation

*A half-day event offered by our synod's Learning Ministries Team to assist congregations in faith formation practices*

Saturday, May 4, 2013, 9:00 AM - 12:00 N

**Zion Lutheran, York**

The event will include practical ideas you can add to your ministry programming, presented in a "Ted-talks" style. That is, in brief seven to ten minute presentations that give you insights into new practices or proven practices others are using effectively in their ministry context.

Once you've had a chance to hear from a number of presenters, you can opt to spend additional time in one particularly topic area with that presenter and peers, as you think about and discuss ways to implement the ministry in your congregational setting.

We have priced the event at \$10/person, to allow for congregations to send teams. This way, you can conquer and divide among the variety of practical presentations. You can use the attached registration form to register yourself, or a whole group. Simply put the lead contact name on the front, and list the names of all participants attending from your congregation on the back of the form. Event fees should be sent with your registration, however, do not restrict participation due to cost. Simply bring payment or an additional participant along on the day of the event, if that is helpful.

*We hope this will be the first in a series of similar events, designed to help your congregational leaders get affordable, practical, and faithful training for those leading faith formation ministries in your congregation.*
