CLC Mondays at 360 Valencia In July

The Community Living Campaign teaches people how technology and social media are new tools to help individuals and organizations reduce isolation and reweave community.

Open Lab and Tutoring in July

July 1 - 9:00 a.m. to 1:30 p.m. (closing early)
July 8, 15, 22, 29 – 9:00 a.m. to 3:00 p.m.

Skilled staff and volunteers on-site to help you get an email address, play games, start a blog, get a profile and use Facebook or Twitter, look for a job or a sale, and more. Everyone welcome!

Social Media Classes in July (Times Vary)

July 1 10:00 to 12:00 – Do you just make phone calls on your cell phone? Are you aware of its real capacities? Have you been thinking of upgrading or switching carriers? **Bethany Schwarz**, teacher extraordinaire, will do a session on using smart phones to capacity. In addition to helping you learn what you need to know, you will have the opportunity to ask questions and receive clearly stated responses from our own computer genius.

July 8 – 10:00 to 12:00 – Brain games really do help. After training on Lumosity for at least 8 months I have seen my BPI (Brain Performance Index (BPI) increase extraordinarily. But the best part is Lumosity's games are both fun and functional. They're scientifically designed to take advantage of the brain's innate neuro-plasticity—its ability to reshape neural connections when faced with new and challenging experiences.

July 15 – Monday Meet-Up Noon to 3:00
Come for lunch at Noon and Workshop at 1:00 – Have you ever wondered about producing your own videos and publishing them on public access TV? If you want to learn that it really is possible, join us for this very special presentation by **BAVC (Bay Area Video Coalition)**

July 22 – 10:00 to 12:00 - Our master 'SKYPIST," Bethany Schwarz, will give a refresher course on using **SKYPE**, answering questions to personal SKYPE problems, and help you sign up for your own account.

July 29 – 10:00 to 12:00 While we all use the keyboard to do what we want on the computer, we don't all know how to type. Join us in exploring **free typing training sites and typing games** that facilitate your learning. In addition, you will receive a list of sites that can help you learn to be a better and faster typist.
