COZUMEL

HOTEL - AIR FARE - DIVING - FOOD - DRINKS

FEBRUARY 14 ~ 22, 2014

ACCOMMODATIONS: HOTEL COZUMEL & RESORT

Hotel Cozumel & Resort is a charming resort with an excellent location. Consisting of three Mexican style buildings surrounding a pool and garden area, each of the air-conditioned rooms has a patio or balcony. The hotel features a pool area, three restaurants, three bars, and a private beach club with a restaurant and a pier where the dive boat picks you up. The close proximity to San Miguel eliminates the need for taxis as the city center is an easy 10 minute walk. In addition to diving, Hotel Cozumel offers a wide range of activities and entertainment for all ages.

BEAUTIFUL DRIFT DIVING & UNIQUE CRITTERS

With gentle currents and visibility often reaching in excess of 100ft, Cozumel is a fabulous place for easy and exciting drift diving. Find out just how relaxing Cozumel drifting can be! See breath-taking healthy coral and sponges and unique marine life as you ride the currents. **Why Aldora Divers?** Choose steel 80, 100 or 120 cubic foot tanks. 70 minute bottom times (air supply permitting). Surface interval on the beach at a local cantina (not floating in the sun). FAST boats (shorter run time to dive sites). Our choice of dive sites (not where the boat captain wants to go). Aldora excels in providing personalized service, extended bottom times, great boats, and you never have to haul your gear or even clean it! They do it all!

DIVE TRAINING & INSTRUCTION

Join **HydroSports instructors Jay Olsen and Kristen Seabury** in Cozumel and continue your advanced and specialty training. This is the perfect location to complete these rewarding courses and take a big step toward Master Scuba Diver:

- Boat Diver
- Peak Performance Buoyancy
- Underwater Naturalist
- And More!
- Drift Diver
- Deep Diver
- Reef Fish ID

Good divers are always learning! These fun courses will enhance your dive skills without leaving you feeling like you are in class on your vacation!
