# "CREATURES AT THE OCEAN"

In

Five lessons, we'll give you a summer's worth of music, stories, and activities created to inspire a lifetime of learning. In a Kindermusik summer camp, you and your child will play, learn, sing, dance, create, and share in the fun of making music together. A trusted Kindermusik educator is your guide through each research-proven and giggle-approved activity.

Inspire your child's love of learning in our delightfully engaging summer sessions. Best of all, every one of our summer camp activities—the music, stories, and crafts—is specially designed to nurture your child's natural curiosity, eventually drawing her toward learning new words, new concepts, and new big ideas.

Come sing sailor songs and make the ocean count: "Five little seashells lying on the shore: Swish! Went the waves and then there were four." Your child will be introduced to many waterfront friends, including the seagull, crab, dolphin, octopus, and whale. Beach fun is our focus; with beach ball play, sand play and sheet-simulated wave fun! Explore ocean movements such as a whale spouting, sing to delightful music including a lively Calypso tune, make music with unique instruments, and take home your own pair of specially designed seashell handle castanets for family music-making! Enjoy Home Activities between classes like making homemade kites and fish sandwiches using fish-shaped bread and P.B. & J.
