23rd Food Packaging Event GOAL 500,000 Meals

FFCC has teamed up with Kids Care to provide nutritious food to impoverished children in Tanzania, Africa and Haiti. Each food packet contains 6 servings & each bag is prepared in 20 minutes by adding it to boiling water. Each packet contains 21 essential vitamins & minerals, 6 dehydrated vegetables and chicken flavoring. This protein (52% soy) & nutrient rich formula reverses the starvation process. 1/3 of the meals are distributed to local families throughout San Diego, 2/3 are shipped and distributed globally.
