The page header features the "University of St. Thomas" logo and a "HELP EXIT" link. The main content area is titled "Login Verification Change PIN". The system will prompt you to create two "challenge questions" that only you will know the answer to, to use in case you forget your new PIN. Again, this prompt appears after you enter the Murphy online for the first time. The new PIN will be in effect from then on, and the original PIN that you received in an email from IRT will no longer work.

The screenshot shows a Microsoft Internet Explorer window titled "Verify Login - Microsoft Internet Explorer". The address bar displays "https://banner.stthomas.edu/pls/demo/twblwblis.P\_ValLogin". The page header features the "University of St. Thomas" logo and navigation links for "HELP" and "EXIT". The main heading is "Login Verification Security Question and Answer". Below this, an information icon and text state: "If you ever forget your PIN, you can reset it yourself, without calling for assistance." A paragraph explains the purpose: "Enter your personal Security Question, along with the Answer. This will enable you to reset your PIN and gain access to your information. To help you to remember your answer, keep it short, limit spaces, and do not use special characters. Your answer is limited to 30 characters." The form includes two input fields: "Enter Question:" with the text "What was my first pet's name" and "Answer:" with the text "Spunky". A "Submit" button is located below the answer field. At the bottom left, it says "RELEASE: 5.3", and at the bottom right, it says "powered by @sct". The Windows taskbar at the bottom shows several open applications, including "Banner 20...", "Sent Items...", "Banner 20...", "Blackboard...", "Oracle De...", "Verify Lo...", and "Document...", along with the system clock showing "3:18 PM".
