

President's Message

Tammie Galindez, Dir. Client Mgmt.

TransUnion

The “Dog Days of Summer” are in full swing! With each season comes a different rhythm—we are now busy with vacations, enjoying time with our children, taking advantage of the long days and extending our weekends. Soon we will be falling back into the rhythm of school routines, fantasy football and, yes I dare to say, preparing for the holidays. Time just seems to go by a little quicker with each passing year.

And for those reasons the South Texas Chapter has taken measures to ensure we are adept in responding to your changing rhythms-- robust certification support, education when/where you need it, varying networking options and so much more!

Don't know how you would find time or support to get certified, you say? No worries—our on line, proctored study group was so successful we are expanding the program. Not only will the chapter provide you webinars, the study guide and even reimburse you for successfully completing the exam but we will now be streaming over the internet “lunch and learn” study groups with expert guest speakers! The program starts soon so please visit www.stxfhfa.org for additional details.

How do you take your education? Virtually? Check out the monthly state webinars as well as the many webinar options on www.hfma.org. One day meetings are more suitable for you? Check out our Summer Institute in August, the Valley Forum in September and the Fall Institute in October...and that's just over the next few months! Want to wrap education hours around an opportunity to get out of the office for a couple of days? Multi-day options in November can be had in New Orleans for our Region 9 meeting and National HFMA's Fall Seminar in San Antonio.

Trying to build your network? Social events are coming to a location near you! Can't wait or prefer virtual networking? Visit our social media sites.

The South Texas Team is doing Whatever It Takes to ensure we are an available resource for you! I will continue to encourage you all to get involved--your HFMA experience will be richer because of it. Furthermore, I would be remiss if I did not acknowledge the continued efforts of our sponsors and volunteers—none of this is possible without your support. I look forward to seeing you all soon!
