## Regatta Tribute

>> Before the start of Regatta we took a field trip to see boats being built on the Windward side and then built our very own models with woodworking tools. The Carriacou Office of Tourism liked our work so much they mounted an exhibition in their office with some of our models.

## Rhythms & Beats

>> With the help of music teacher Mr. Emi we told our stories through music. Mr. Emi recorded samples of our beats, instruments, raps and singing and helped us layer those samples to build a song.

Counselor-in-Training - Kaya, Dance teachers - Miss Samantha & Miss Nikita, and Mr. Emi helped

campers from Session 2 write, choreograph and perform, "Bust a Tune" which is now a very popular video on YouTube.

## Caring for Carriacou

>> Teams from Session 2 cleaned litter from around our home base in the Lauriston Mini Stadium - Eight large bags were collected in total! A prize was awarded for collecting the most trash.

Session 2 campers also interviewed some of the local shop owners and later did art interventions at the shops based on the interviews. The Maroon Team interviewed Miss Sophia at the snow ice store and gave her handmade cards and a photo collage with notes written on them. All the campers shared their stories at the big assembly.

## Museum Exhibit

>> This fall, artwork created by Camp Kayak campers and counselors was proudly displayed in the second annual special exhibition of Camp at the Carriacou Museum in downtown Hillsborough. The exhibition was on display for 6 months!

## Look What I Learned at Camp!

>> We were so proud to bring our parents to Camp Kayak on Parents' Day. 250 parents and kids came to take part in the fun this year! We showed our parents the wonderful work we created at camp and introduced them to our teachers. Face painting, trampoline turns, a raffle, dips and food sales raised \$3000 to keep our camp going strong.

## Our Team Remembers: Mr. Devon

>> Devon Chitan made countless contributions to our Camp Kayak summer program and was often found teaching crafts & Biology, sports & swimming or in the kitchen! Devon gained a level of respect within our small community at Camp Kayak that gave him great pride. Campers & teachers alike remember Devon with love and friendship. Camp Kayak sends our deepest sympathies to the Chitan family, of Concord, Grenville, Grenada, WI. He will truly be missed.
