

Meet the GL Veneer lumber team

Our new lumber products team members have worked together for many years prior to coming to GL Veneer. Their expertise and market experience will provide worldwide reach for quality lumber products at competitive prices. As GL Veneer already provides over 150 wood species in Leveneer® flexible veneer and hardwood plywood, we now can extend our offering to deliver complementary lumber species to our customers.

Tom Escherich – Lumber Products Manager

Born and raised in Pasadena, Tom ventured north for several years to further his education and lumber experience. He then returned to the Los Angeles region to buy and sell lumber and panel products for 28 years. He worked for various yards at different times and has been a successful mill rep for exports to Asian markets. He has spent the past ten years concentrating on imported wood for Lane Stanton Vance and DLH in the Southern California marketplace.

Tom Voigt – Lumber Products Specialist

Tom began his career with Reel Lumber in 1975. In 1984 he moved to Lane Stanton Vance and spent 23 years there as their lead lumber specialist. From there he spent the past 4 years at DLH before joining our team at GL Veneer. Tom lives in Fullerton with his wife and 2 of his 3 children. He enjoys woodworking, bike riding, and beach activities in his spare time.
