H. YTURRIA RANCH - PUNTA del MONTE

At this ranch you will likely see white-tailed deer, wild turkey, javelina, nilgai, and various other wildlife species from camp. A large elevated game viewing platform is an excellent spot to enjoy your sundowner, prior to retiring to the fire pit just prior to dinner. Check out some of our hunts this year at the Punta del Monte.

Stephen Pauli sent us a note about his hunt saying, "Thank you! Eddie and I had an extremely good hunt. It was very Africa-style stalking and I managed to take a nice bull. As always, I am extremely impressed at the high level of professionalism your folks do and that has been true with each hunt I have taken with WSI.

Additionally, your deer management program is very impressive! I will be seeing you again in the near future!

H. YTURRIA RANCH - NILGAI HUNTS

Texas is home to more free range Nilgai antelope than their native country of India. Nilgai antelope are the second largest member of the antelope family. Some people refer to the mature Nilgai antelope males as “blue bulls” as the dominant male Nilgai antelope typically become very dark, taking on a blackish and blueish hue. Our Nilgai antelope hunting takes place on the famous H. Yturria Ranches near Raymondville in lower South Texas. Over 25,000 acres allows us to freely move about which creates a heightened sense of mystery. This is one of the finest nilgai hunts in Texas.

Jorge Pacheco - Nilgai

Holt Dorris - Nilgai

Meredith Dorris - Nilgai

Tim Geppert - Nilgai

REAL HUNTS FOR REAL HUNTERS

Check out our Real Hunts for Real Hunters video from the first La Rucia Hunt on December 1, 2011. As you will see, in spite of the drought, the deer quality on this property held up pretty well. The La Rucia hunters are Dan & Jeannie Castellini and Chad Morgan.
