

Registration Process for 2013-2014

It's spring and time to prepare for "early bird" registration! Girls and adults in existing troops can register on-line now! We would like to propose the following for the 2013-2014 membership year:

- **Step one:**
Existing troops that register on-line by August 30, 2013 will entitle the service units to earn \$2.50 per girl and allow each girl to earn an "early bird" patch. New troops, will have access to registering on-line in the fall, after attending a webinar on the process. When requesting membership assistance for girls or using cookie dough, the paper form is required.
- **Step two:**
Additional incentive: Service units will earn an additional \$25, if council receives 100% of the annual troop financial reports by June 30, 2013. Reports must be complete including 12 months of bank statements and factual details related to the annual troop expenses.
- Similar to last year, service unit registrars and troop leaders will be required to attend training or webinar, to obtain updates for registering on-line and for completing forms.

All adult and girl paper registrations forms must be complete with the correct membership fee attached unless individuals are requesting girl membership assistance, which should be clearly checked on the registration form. The membership fee is \$15.00 for 2013-2014 and forms can be located on our council website www.gsnypenn.org.

We encourage troops to save time and to register on-line to support the "Go Green" initiative.
