Why Kybele?

Kybele, Inc. is a 501(c)3 humanitarian organization dedicated to improving childbirth conditions worldwide through medical education partnerships. Our multi-disciplinary teams travel, by host country invitation, to work alongside physicians and nurses in their home hospitals. Together, we develop country-specific programs with consideration of local healthcare conditions and culture. Programs have included teaching and training in advanced techniques, quality improvement, clinical guideline development and hands-on, patient centered care. Kybele works to improve healthcare in countries with a medical infrastructure sufficient to sustain progress after training.

Kybele is based in Winston-Salem and associated with Wake Forest Baptist Medical Center in the Office of Global Health.
