AN INVITATION - TARTS (Thursdays Are Reserved To Stitch) - **TARTS II** - (Tuesdays are Reserved To Stitch) A group of gals, after taking a class together, decided to come into the shop on Thursdays to stitch , as often as possible. They named themselves the TARTS. Each working on their own project or projects, often asking advice of each other and helping each other figure out which stitch goes where and/or a technique. If you are available on Tuesdays or Thursdays, feel free to come in and join the group or feel free to form another group on another day. We enjoy having people stitching here, so join the fun.

**NEWSLETTER** - We have gone to an electronic newsletter. Please go to our website and send us your email address. The website is

[www.designersdeskusa.com](http://www.designersdeskusa.com). We will be sending out notices about classes, sales, trunk shows and happenings in Geneva. If you are not online - please let us know that and we will still send you information by mail. Just let us know at 630-262-1234.

**HOLIDAYS** - We are closed Easter, Memorial Day, Fourth of July, Thanksgiving, Christmas & New Years Day.

**WANTED** - Designers Desk is always looking for people to stitch models for the shop. We need needlepointers, cross stitchers, beaders, and Hardanger stitchers. We are also looking for teachers for the shop. Do you like a particular technique and would you like to share your knowledge with others? Many people would like to try some new techniques or patterns, yet feel intimidated about trying something new without someone to give them the confidence to try it. See Pat if any of this is something you might like to do.

**Exclusives** -Designers Desk is noted for our selection of handpainted canvases, stitch guides and thread suggestions. We have wonderful teachers and people who help you at the shop. We now have stitch guides for a number of canvases that would not come with stitch guides (these are exclusives of Designers Desk). For example Melissa Shirley's Halloween House, Raymond Crawford's Halloween Stocking, Eat Dessert First, Raymond Crawford's Little Witch, and many Ewe and Eye Canvases such as Karen, Barb Tweet, Lynn, Rosie, etc. Eat Dessert First is an exclusive design at Designers Desk.

### **NEW ITEMS**

We have always had NEW ARRIVALS for the Cross Stitch area - now we have a NEW ARRIVAL area for Needlepoint too. Please ask to see the board for new canvases.

### **NEW THREADS**

We now have the complete line of Planet Earth in the shop. Love their silk, Pepper Pot, and Wool. We have tons and tons of threads. We are computerizing and my computer genius tells me we have 332 complete LINES (Manufacturers) of threads. What a selection - and wonderful colors!!!! We have a whole room dedicated to threads with sliding doors. Complete lines on each of the doors. Some lines take 2 doors to complete the whole line. Come in and see the new concept.

**NEEDLEPOINT** - New canvases come in daily. We are always willing to order a canvas for you. Just give us the

name of the designer, the number of the canvas you want and we will be happy to order it for you. There are sooooo many designers in the industry - it is impossible to carry all the canvases. We do try!!!!  
Always ask what is new!!!

**CROSS STITCH** - If you are looking for a special pattern for a special occasion there are a number of websites you can look at. [www.hoffmandis.com](http://www.hoffmandis.com), [www.nordencrafts.com](http://www.nordencrafts.com), are 2 distributors to look at. Mark down the number you find in their catalog and give us a call and we will be happy to order it for you or see if we have it in stock.

**CHARTED NEEDLEPOINT ROOM** - We have a whole room set up with nothing but charted needlepoint!! And lots of models too. If you are a cross stitcher this might be something you would like to try. Ask for details when you come in and see us. Come in and see what is new - Debbie's Designs, Threadles, Needle Delights, Laura Perin and From Nancy's Needle to just mention a few.

**PUNCH NEEDLE** - is great fun. Have you tried it? Quick and easy to do and lots of varied designs from primitive to cutzie to traditional. We have had 5 year olds to grandparents and all in between taking classes and enjoying the results. Punchneedle is a wonderful way to make a hostess gift and quick gifts for birthdays or someone special. Be sure to ask about the Weeks 3 strand spools - you can punch and punch and punch without rethreading the needle.

**KUMIHIMO** - is the Japanese art of braiding. It means the "gathering of threads." Kumihimo is thousands of years old. We are carrying a beginners kit that has everything you need to get started on a project. You know the "friendship" bracelets? This is a great way to make those. We at the shop can show you how easy this technique is. Want to make a braid with your leftover threads to put around your ornament - etc. You can easily do this with our beginners kit.

**SHOP MODELS** - All of our models are for sale. We try to put prices on all models on the wall, but if there is not a price on a model in which you are interested, please ask. We also have models that are not framed or finished and those also are for sale.

We have a lot of classes and trunk shows planned for 2013 and 2014. I will send more information about the classes and trunk shows soon. If you do not know anything about Historic Geneva, call the shop and we will be happy to send you a brochure or you can contact
