

## **Risk Control Manager**

### **InterWest Insurance Services, Inc.**

InterWest Insurance Services, Inc., a leader among top insurance firms, is a privately held brokerage that has been a trusted insurance partner since 1910. We offer a full range of business and personal insurance products and services and support clients from numerous industry groups.

We are currently seeking a Risk Control Manager for our Risk Management and Loss Control Department. This is a full time exempt position located in Sacramento, California.

The Risk Control Manager position offers the opportunity to work independently with a large variety of organizations and industries. The position will analyze risk management and loss control environments and recommend appropriate courses of action to support the clients' efforts to keep their workplace safe. The position works closely with Brokers, Claims examiners, Board Members and clients on best solutions that can be seamlessly implemented. It reviews client compliance with governmental and safety agencies and provides clients with technical information on standards, codes, and regulations. Use your knowledge and expertise to provide recommendations and to develop and improve products and services for our clients.

The ideal candidate must have analytical skills to effectively assess factors concerning risk, liability, safety and occupational hazards and develop client solutions. The position requires an organized individual that has the ability to prioritize and self-manage their work load. Strong written and verbal communication skills and demonstrated effective presentation and facilitation skills for audiences of all sizes is needed. It is essential to have knowledge of and experience in the insurance industry (property, liability and workers' compensation). A Bachelor's degree in occupational health, safety, or related field, such as engineering or science, or an equivalent combination of education and experience appropriate for the position is required. Current standing as a Professional Member of the American Society of Safety Engineers or as a Certified Safety Professional or as Professional Safety Engineer is necessary.

Travel is required. The work is approximate 70% field work and 30% administrative work. There is frequent driving to visit clients, up to 4-6 hours per day, at least three days a week, and overnight stays are common.

Competitive benefits and compensation package commensurate with skills and experience.

To apply for the position please email your cover letter and resume to [dhayes@iwins.com](mailto:dhayes@iwins.com) by September 28, 2012.

InterWest Insurance Services is an Equal Opportunity Employer.
