

Register now for the Bicycle and Pedestrian Safety Training

**At the California Office of Traffic Safety Leadership and Training Seminar
Wednesday, April 20 to Friday, April 22, 2011
At the Manchester Grand Hyatt in San Diego**

Bicycle and Pedestrian Safety Training will be taught in a 16-hour session during the 2011 OTS Leadership and Training Seminar.

The training will include:

- safety planning, enforcement, and programs,
- public health and transportation,
- pedestrian and bicycle counting techniques,
- web-based tools and data for education, enforcement, engineering, and advocacy,
- designing walkable and bikeable streets.

Certifications Available: UC Berkeley SafeTREC will provide certificates of completion.

Prerequisite: None.

Duration: 16 hours.

Recommended for: Safety Activists, City and County Bicycle/Pedestrian Safety Coordinators, Engineers, and Planners, Community Service and Traffic Officers, and OTS Bicycle/Pedestrian Safety grantees.

Registration Information

Deadline

March 1, 2011

Space is limited and is available on a first-come, first-serve basis.
