All products are made up fresh locally.

Mixed wreaths include "nature's bounty", which may include multiple types of fir, pine, spruce, or cedar. The blue berried cedar is not available this year due to the weather.

All wreaths will be decorated with a red bow and natural pine cones (unless otherwise ordered). Custom designs can be arranged.

Specialty items will be offered at the market or inquiries can be made through email. We offer grave blankets, crosses and other cemetery items.

Cash only – no checks.
