DRSB charter signed

A charter outlining the structure of the Delaware River Scenic Byway (DRSB) Management Committee was signed on April 26, 2012. The following sub-committees will work to carry out the goals of the DRSB:

- ❑ Protection Committee
- ❑ Improvement Committee
- ❑ Promotion Committee

To receive a copy of the Charter or participate on a committee, please email dms@netcarrier.com or call 215-317-3994.

Work moves ahead on three Scenic Byways Program grants

Preservation Grant - The Department of Environmental Protection Green Acres Program is working to preserve more than 300 acres of land along the Delaware River Bluffs, from Stockton to Frenchtown, an integral part of the DRSB for its scenic beauty and important natural resources.

Improvement Grant - Plans are moving forward on two improvement grants: a replica of a historic canal swing bridge is being planned and additional Byway User restrooms will be located at the DRSB's center point, the Prallsville Mills.

Byway Management Grant - As part of this grant, approved in November of 2011, an annual guide for the DRSB is being created and a fall "kick-off" event is being organized.

Groups along the Byway attend public Meeting to plan new annual DRSB Guide

43 representatives of area chambers of commerce, business associations, historic sites, historic societies, and conservation groups, along with area artists and recreational business owners met June 26 to plan the first annual Delaware River Scenic Byway Guide.

During the meeting, a contact list for and goals of the DRSB Guide were established and Byway Committee Members were sought.

The Delaware River Scenic Byway Guide is being published to increase awareness of the Delaware River Scenic Byway and encourage visitors to stay within the Byway for an extended period of time, whether it is a full day or a full week. The Guide will feature historic sites along with cultural, artistic and community events by season.

While many of the Byway's visitor destinations have developed site-specific brochures, websites and outreach campaigns, no effort exists that cohesively links these resources for the visiting public. The DRSB Guide will connect the dots for travelers along the nationally designated Delaware River Scenic Byway.

Interested in sponsoring the DRSB Guide? Call 215-317-3994 to learn more about how you can get involved.
