## Formational Prayer with Dr. Terry Wardle

As pastors and leaders we are called to minister to a broken world. Formational Prayer is a form of healing prayer born out of a formational model of discipleship. Trusting in the movement of the Holy Spirit, the Prayer-giver seeks to bear the healing presence of Christ into the pain and brokenness of a wounded life—be it that of an individual, a congregation or a community.

- This day will include both teaching as well as time committed to Formational Prayer.
- Special attention will be given to soul care of leaders, as well as pathways of healing for the wounded.

**Cost: \$10 per person**
