

# Zombie Night 3

**When:** October 28-30, 2011 (Friday-Sunday)

**Time:** 6:00pm-9:00pm

**Where:** Range USA, Inc.

## What to expect:

- Purchase your ticket(s) in advanced or at the door. Pre-event tickets are \$10.00. Tickets the day of are \$15.00.
- Range USA employees will be outfitted as RUZAT (Range USA Zombie Annihilation Team) members.
- Some customers may be outfitted as zombie-killing warriors, too.
- **This is NOT a haunted house or a scary event! Nothing is going to scare you or jump out at you! The event is not overly gory. It is appropriate for any age that would be able to shoot firearms – even with adult supervision. Last year we had many father/son, father/daughter. Mother/son and mother/daughter teams go through the Zombie Zone.**
- You will be escorted through the Zombie Zone by Range USA instructors. This is a very controlled environment with a 1:1 ratio – one instructor to one customer. The instructor is standing directly behind you at all times. You will NOT be moving and shooting. You will NOT be drawing from a holster. This will be a very safe event. Nothing will be compromised for safety!
- All firearm usage and ammunition is included in the price of a ticket. There may also be an added treat once you complete your Zombie Zone run through.

## Rules and guidelines:

- You may use your own firearms. If you want to use your own firearm, follow these rules while waiting your turn.
  - o Pistols – (if you are licensed to carry a firearm) must be loaded and **HOLSTERED** at all times. Range bags or gun cases are not allowed.
  - o Shotguns – must be **UNLOADED** with a chamber flag or zip-tie in place. You bring your own chamber flag or zip tie. We will NOT provide them for you to use!
  - o .223 rifles – must be **UNLOADED** with a chamber flag or zip-tie in place. You bring your own chamber flag or zip tie. We will NOT provide them for you to use!
  - o Full-Autos – must be **UNLOADED** with a chamber flag or zip-tie in place. You bring your own chamber flag or zip tie. We will NOT provide them for you to use!
- All caliber restrictions posted for Range USA are still in effect for Zombie Night 2! If you have a question, ask.
- **NO EDGED WEAPONS ALLOWED!** I know that swords, axes, machetes, etc. make great zombie killing tools, but for this event, leave them at home.
- Bring your friends, family, and loved ones! You need to stick together in the event of a zombie attack!
