## Greensgrow CSA Winter Share

### What is in the share?

A seasonal assortment (4-5 items) of locally grown, freshly picked fruits and vegetables from our urban farm and the rural farms we work with. The winter months offer us a limited but hearty grouping of vegetables and fruit to be enjoyed. Some possibilities include:

- \* A variety of Apples
- \* Winter root vegetables: Potatoes, Sweet Potatoes, Radishes, Parsnips, Carrots, Turnips
- \* Spinach, Cabbage, Mushrooms
- \* Garlic, Onions, Scallions, Leeks, Herbs
- \* We are also exploring other options, including hydroponic + aeroponic vegetables.

An assortment (2-3 items) of locally produced canned or prepared foods. Some examples include:

- \* Jam or jelly
- \* Greensgrow's sauces, pesto, or dips
- \* A local bread
- \* Canned vegetables, such as tomatoes
- \* Whole spelt flour or noodles
- \* Kim chee or other pickled vegetables
- \* Dried fruits and vegetables

One [1] locally produced cheese. Some favorites include Garlic Cheddar, Fresh Chevre, and handmade Fresh Mozzarella.

A locally and humanely-raised meat. (Or our vegetarian option.) Our meats are all humanely raised on local, grass-based farms. Some favorites from precious seasons include:

- \* 1 lb. ground beef
- \* 3-4 lb. free-range whole chicken
- \* 2 lbs. fresh, hand-made linguine
- \* 1 lb. ground lamb
- \* 1 package of Bacon
- \* 1 package of Chicken sausages

The vegetarian option is for those who prefer not to take meat and instead receive additional produce/prepared goods at equal value as that of the cost of meat for that week.

**Two** dairy items - these items will alternate every other week. For example:

- \* Week 1: 2 cups of Pequea Valley yogurt **AND**  
1 dozen eggs - pastured, free-range, hormone- and antibiotic-free
- \* Week 2: 1/2 gallon local pasteurized milk **AND**  
1/2 lb. of Amish-style butter
