We invite you to join us!

This "hands-on" workshop is a must for all who care for people and the environment and are looking for alternative solutions based on solid, proven results.

Slim Spurling was born in South Dakota, grew up in Colorado, and obtained a Bachelor of Science degree at Colorado State University. He was a self-taught herbalist, a skilled blacksmith, and an internationally recognized dowser and inventor whose subtle energy research led him to develop Light-Life® Technology. This cutting-edge technology has the potential to significantly clean up the pollution on our planet, as well as improving agriculture and assisting each of us to increase our well-being.

WORKSHOP BONUSES!*

- 1. Twelve pairs of dowsing rods**
(value \$24)
- 2. Two 3 ½ Sacred Cubit Light-Life® Rings**
(value \$130)
- 3. Geobiology: Dowsing and Light-Life® Tools by Slim Spurling DVD**
(value \$35)
- 4. See and experience the latest Light-Life® Tools that are not on the website.**

No substitutes.

Workshop Agenda

Geopathic Stress Reduction

Theoretical information will be presented about Geopathic Stress Zones (i.e. Hartmann Grid, personal zones, and interference lines). You will learn how earth energies, the Hartmann Grid, and Geopathic Stress contribute to imbalances in all areas of your life. Participants will practice outdoor dowsing to locate the Hartmann Grid and Geopathic Stress and learn how to neutralize them. Applying this work will help your family and friends as well as your community to increase health and well-being. This is hands-on work; please dress comfortably and for the outdoors. Please check the weather. It can be cold in Colorado.

You will be provided with materials to go home and practice what you've learned right away.

Introduction to the Light-Life® Tools

You will be introduced to sacred geometry and quantum physics, the basis for the Light-Life® Tools. Learn about the history of how Slim Spurling came to invent the first Light-Life® Ring and the multitude of tools that followed. You will learn how the tools are used for energizing your water, food, and your life, protecting your environment from disruptive energies, reducing pollution, and encouraging plant growth for home and garden.

Applications of the Light-Life® Tools for healing will be demonstrated.

Those who are new to this work will be amazed and inspired by Slim's Light-Life® Tools. Those who already have our tools will learn new applications, as well as getting a chance to see our latest inventions, some of which may not yet have been introduced.

Workshop Presenters

Katharina Spurling-Kaffl

Katharina Spurling-Kaffl is President and CEO of IX-EL, Inc., the only authorized manufacturer of Slim Spurling's Light-Life® Tools. Katharina and Slim's marriage in 2001 wed their commitment to their shared dream of bringing harmony and healing to the world and its entire people. Since Slim's passing in 2007, Katharina and her dedicated team have continued manufacturing the original Light-Life® Tools, while also creating new tools to help us adapt to the energy changes happening on the planet today. Her passion to educate people about the multiple applications of the Light-Life® Tools is ignited by the amazing results people report—from relieving pain and healing injuries, to releasing emotional distress, to improving the quality of water, and to diverting tornados and hurricanes. The list is endless, and the impact on life and the environment is unparalleled.

Scott Anderson

Scott Anderson is a Master Dowser, a member of the American Society of Dowsers, and continues to partner with Katharina to teach dowsing workshops. His interests include alternative healing, earth energy work, holistic living, and having fun. After purchasing a Slim Spurling Light-Life® Ring in 2005, his passion was ignited for dowsing, earth energies, environmental clearing, Electromagnetic Fields (EMFs) and the Light-Life® Tool phenomenon. Scott, along with his wife Susan, has cleared many homes, farms and businesses of Geopathic Stress since training with Slim. Scott is also a golf course superintendent at a high profile private country club outside of Philadelphia. He and his wife Susan have two wonderful daughters.
