

## Shark Club at MCMS

By Polina Grishko

Hey there! Russian Writer informing you on the News! Today's Topic: Shark Club at MCMS

This club is sponsored by Ms. Ligeti, a 7<sup>th</sup> grade science teacher, and was made by Justin C. I took an interview with Justin and asked him some questions about this club.

“Why did you start this club?”

“I started this club because I really like sharks.”

“That explains much. Next question. Is anything new happening in this club?”

“Yes, we are watching shark movies, including Shark Odyssey and Jaws, and while watching these movies, I use the opportunity to teach people at shark club about sharks.”

“That is really cool.” Thank you for the interview Justin.

Later, I took an interview with Ms. Ligeti concerning this club.

“Do you like that Justin started this club?”

“I think it's wonderful he has an interest in sharks and wants to share it with others.”

“That is really neat. Moving on. Do you yourself like sharks?”

“Yes, I like sharks.”

“Okay. Do you encourage students to join Shark Club?”

“Yep.”

“Anything else you want to add?”

“People, even if not a member, should drop by every A day Monday at lunch.”

Thank you Ms. Ligeti. This concludes our talk on School Clubs. See you next time and this is Russian Writer bringing you the news.
