

MCMS Sports

Ryan Reardon

To some people sports mean a lot. At MCMS we have a huge rivalry against the Lindero Cougars in sports such as football, soccer, basketball, volleyball, and softball. MCMS Student Zach Bartlett stated, "Lindero beat us 21-7." He threw one touchdown and one interception during the game. According to the MCMS players, Lindero had more practice, as well as more game experience going into the game.

MCMS Coach Marc Jacobs said, "the guys gave it all they had, we just got out played."

During the soccer matches the Panthers fought harder at battle winning for the girls (3-0), and taking a tough loss to the boys (1-0). The boys soccer let a goal in late in the game breaking the ice, and the panthers never recovered." Coach Kegley said, "the boys played hard and the outcome could have been different on any given day. " As one observer stated, "the girls worked harder and practice, and that obviously transitioned into the game."

The luck changed for basketball though. Basketball is one of those sports for the Panthers where they are not short of excellent! Baller after baller after baller the Panthers showed the Cougars who was in charge of winning the game by a respectable fifteen points. Coach Kegley said, "our boys worked hard, and it really paid off in the end." The girls gave it their all, but unfortunately only got four points on the board.
