

# A New, Different Movie Experience

Adi Shiloni

A new theater opened this year July 20, 2012 in the Westlake Promenade. Cinepolis is a luxury cinema and is a perfect place to go see a movie. This theater is different from any other theater because it has a large delicious menu, which you can order from throughout the movie, and you don't have to get up, all you have to do is just press a button and a waiter will come to you. There is popcorn in many different flavors, the screens are large and have great quality, but what really changes the experience is that this theater is a stadium seating style with big leather reclining chairs.

This completely changes the whole experience and most people even bring blankets, which make you feel like you are watching a movie at home but with amazing quality. You can either get single chairs or double chairs.

Most tickets cost around \$19.00 but it is totally worth this amazing movie experience. If you want a fantastic movie experience go to the Cinepolis luxury cinema and enjoy the movie and the experience.
