

Wrangell Ranger District

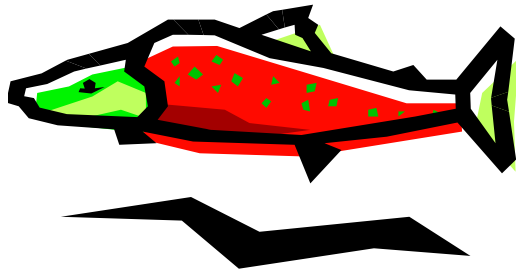

Monday 4 Munchkins

Mondays 10:30-11:30

Volunteer Park

June Schedule

June 11: The Nose Knows!

Join us as we put our noses to the test and explore the world of scents around us. We will play a game to teach us about how salmon use scents.

June 18: Eye See You!

What do animals see? Why do their eyes look different? Find out as we make our own pair of bug's eyes.

June 25: Our Ears Hear!

How do animals hear so well? How well do you hear? Discover the answers as we use our own deer ears!

Children ages 3-5 and their parents/caregivers are welcome. Don't forget to dress for the weather! For any questions or additional information, contact Corree at 874-7563.
