Why we are different than any other painting contractor.....

Please read the following information to learn about the **value** of using our company. We are more than just selecting a painting contractor out of the yellow pages....all for the same competitive prices!

What does Stir Your Imagination Painting include with their painting services?

1. First and foremost, we give you a beautiful, professional painting job so you have more time to do the things in life that you enjoy!
2. We provide free professionally typed estimates for all painting services and free sample boards for all faux finishes.
3. Our estimates include individual prices for each room or area. We take the extra time to breakdown the estimates to give you a choice on which rooms you would like painted. We do not just 'throw out one price' for everything.
4. We offer free color consultations with all approved estimates. Our color consultations specialize in coordinating colors for homes with open floor plans so that the colors flow beautifully and effortlessly from one room to another.
5. We order free large color sample sheets for any colors that are chosen (in lieu of the small one inch color strips).
6. We email Pre-Painting Guidelines to help you to prepare for our arrival.
7. We pick up the paint for you.
8. We repair minor wall imperfections and fill in nail holes before we starting the painting process. We paint trim, baseboards, crown molding, outlet covers and heating/cooling registers if preferred.
9. We never water down paint!
10. We only buy the amount of paint that you need.
11. We never leave your home in the middle of a painting job to start another one. Once we start....we stay to finish! We value your trust in us and our work!
12. While painting in your home, we offer you the use our scaffolding to clean those hard to reach areas such as chandeliers and window ledges in two story rooms. We have also been known to clean them ourselves for you!
13. When removing wallpaper, we thoroughly clean up the mess that this task leaves and we repair minor wall imperfections that may occur during the removal process.
14. We are a local, family-owned business with 11 years of painting experience.
15. Lastly, we are fully insured!
