

TESTIMONIAL

"When I was moving from a large home in Vermont back to an apartment in New York City, there were so many moving parts, physical moving as well as many emotions. Working with Nicole and pre-thinking the move, pre-organizing, from measuring all furniture to designing layouts and flows of each room to structuring important areas like my office, closet and my kids "toy closet" allowed for such ease and fluidity. Then following up once we did "land" with all the final organizational touches made us feel "at home" and "at peace" right away. Nicole is methodical, insightful, intuitive and very warm and caring--I so appreciate her spirit. She had me think of so many things that were not at the forefront for me. I am grateful for her and all she provided at this very important time in my life and my family's life."
