

The Prayer that Changes Everything

Winter Prayer Workshop with Fr. Mark Thibodeaux, S.J.

"Who wore God's face for me today?"

The Examen is an ancient prayer practice of the church that is perhaps even more valuable today. It's been called "a way of reviewing your day, like a video, with Jesus sitting beside you."

Join Fr. Mark E. Thibodeaux, S.J. on Saturday, Feb. 9 and practice praying the Examen. Learn what it is, why it was so important to St. Ignatius and how to do it. Fr. Mark will help you customize the Examen to your own personality and discover the deep richness of listening for God in your life.

If you've never heard of the Examen, come and be enlightened. If you are an old hand, you will still appreciate Fr. Mark's insights.

The program runs from 9 to 11:30 a.m. in Room 115 of the Science Center at Rockhurst University. Come at 8:30 a.m. and enjoy light refreshments and social time. The program will begin promptly at 9 a.m.

Cost is \$40 and includes all materials. Scholarships are available. Last year's program was sold out, so make reservations early. You can make reservations online at [Winter Prayer Workshop](#).

Fr. Thibodeaux is a spiritual director, retreat director, writer and presently Jesuit novice-director. His books include: *Armchair Mystic: Easing into Contemplative Prayer*; *God, I Have These Issues: 50 Ways to Pray No Matter How You Feel*; and *God's Voice Within: The Ignatian Way to Discover God's Will*.

For questions, email info@ignatiancenterkc.org.
