What makes the Intercontinental Hotel recycling program work.

FROM THE HAULERS PERSPECTIVE

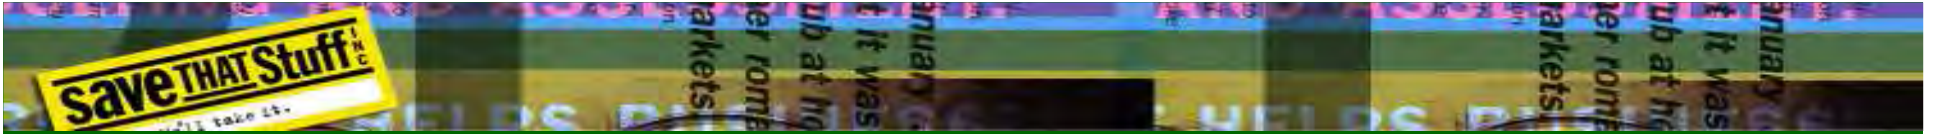

Building Design

- Recycling room next to the loading dock.
- Plan vs. reality.

Committed Staff

- Management priority.
 - Commitment trickles down.
- Recognition that reuse is as important as recycling.
 - Flower pots
 - Carpet
 - Kitchen equipment

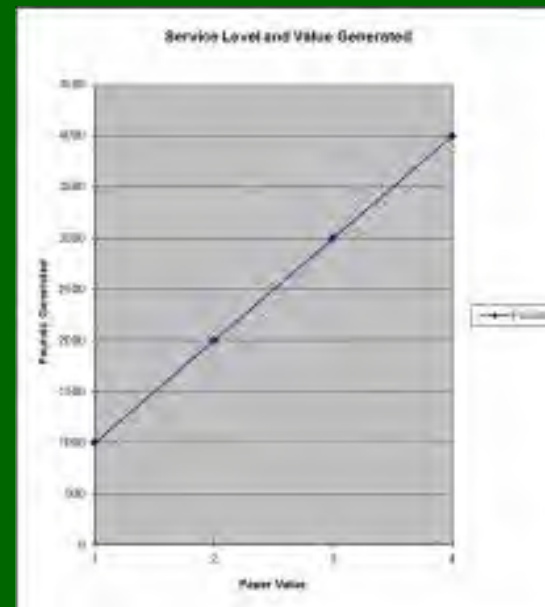

TO BALE OR NOT TO BALE

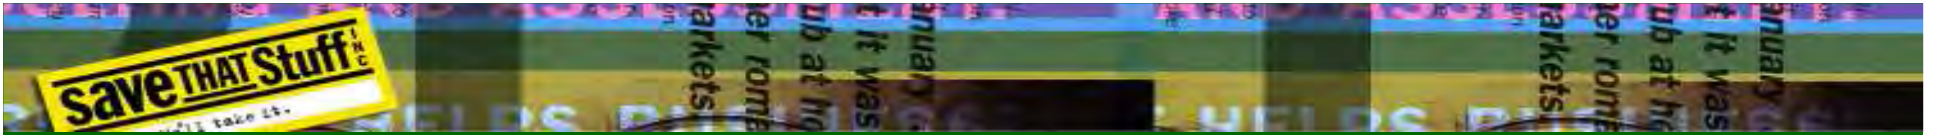

That is the question.

What are the drivers?

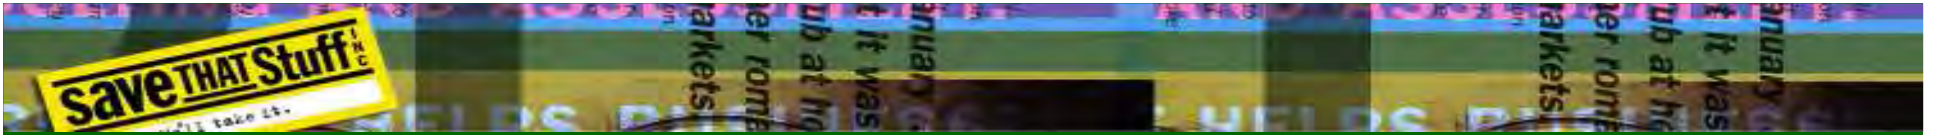

- Volume of material generated.
- Cost of labor
- Capital budget, OPEX
- Space
 - Inside
 - Outside
 - Loading Dock

Storage Options - Loose

Storage Options – Compactor (3 to 1)

Storage Options - Small Baler (6 to 1)

Storage Options – Big Baler (10 to 1)

I don't have any room!

office paper recycling
scrap metal
cardboard
food waste
compactors
mixed paper
electronics
wood pallets
baling machines
zero waste events
cans and bottles
composting
special event recycling
