The PEARLS Project

Grace's Text Intro

October 1st, 2012

Grace has had a big year. She just started at a new school, she is living in a new house and she is hoping to make some new friends. Her family moved from Atlanta, Georgia to San Francisco, California this past summer. Everything is very, very different and Grace is trying hard to adjust to all the changes. She is in the 3rd grade and likes recess and music class best. In her free time, she loves dancing, swimming, photography and her pets: Jackson (the dog), Cecelia and Leonardo (the cats). She misses her friends and hopes some new kids at school will like her.

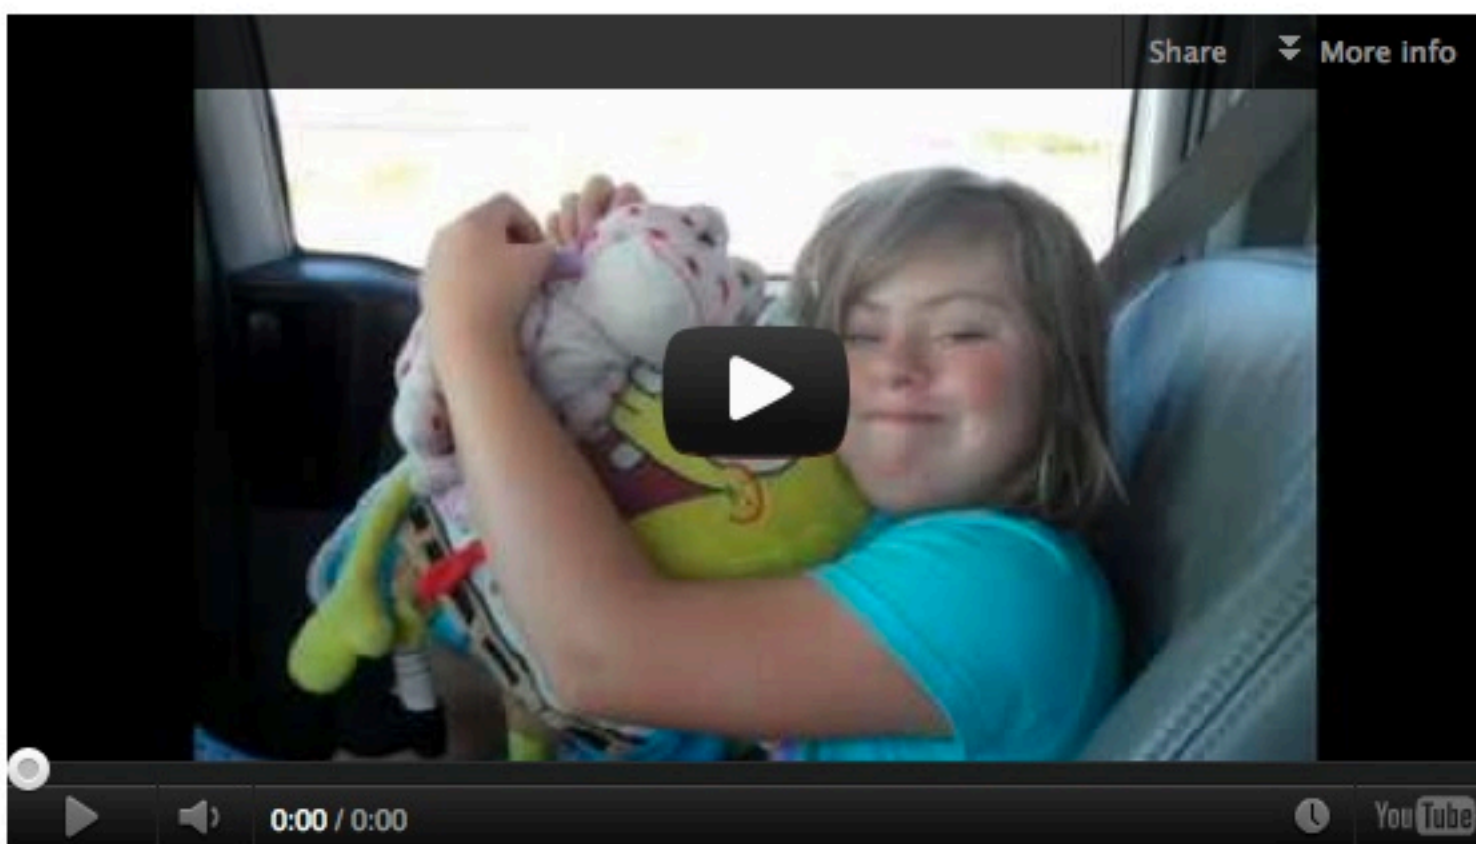

Grace has Down syndrome.
