

2012 Ladies' Night: Program and Schedule of Events

Welcome! The main event is the **11 demonstrations**; we run each simultaneously 4 times, so you choose which 4 to attend. 4 demonstrations are in our store, and 7 demonstrations are next door in the neighboring offices (from our store, turn right, go down 6 steps, turn left, and enter building). Use the provided maps for help in locating the presentations, or use the guide below, where Store refers to K&B True Value and Office refers to office space next door.

Refreshments, including desserts from Palate Pleasers and Glazey Days Donuts, are in the heated tent outside. **Raffle prizes** include a \$250 shopping spree that will be awarded at 7 PM (WINNERS MUST BE PRESENT). Everyone gets **an additional 15% off** almost everything tonight (exclusions: sale or discounted items like power tools)! Starting at 7 PM, we'll give departing guests a **free gift bag with free goodies**.

5:45-6:10	Doors open, get refreshments (thru 8 PM), chose 1st presentation
6:10-6:30	First round of presentations
6:30-6:35	Raffle prizes (announced inside K&B True Value)
6:35-6:55	Second round of presentations
6:55-7:00	Raffle prizes, incl. \$250 Shopping Spree (announced inside K&B True Value)
7:00-7:20	Third round of presentations
7:20-7:25	Raffle prizes (announced inside K&B True Value)
7:25-7:45	Fourth round of presentations
7:50-8:00	Raffle prizes (announced inside K&B True Value)

Presentations (Location)

- **Insect, Animal & Rodent Control** (Office, rear right) - Tim, Senior Nuisance Expert, will teach you how to keep ants, roaches, mice and other nuisance pests out of your home on or off your property.
- **Unclogging Drains** (Office, near right) - Kelsey, Home Maintenance Extraordinaire, will teach you how to keep your tub, sink, toilet and garbage disposal drains clear and in working order.
- **Installing a Faucet** (Store, near aisle 12) - Richard David, Junior Everything Expert, will show you how to replace or install a kitchen or bathroom faucet for an updated look (or for one that works).
- **Repairing Drywall** (Office, near right) - Grant, Master Drywaller, will show you how to repair your drywall surfaces to hide holes and damage.
- **Caulking** (Store, near aisle 17) - Diane, Floridian Paint Manager, will show you how to remove and apply caulk like a pro.
- **Wood Floor Care** (Office, far right) - Rachael, Resident Ms. Clean, will demonstrate how to maintain or bring back a shine to your wood or laminate floor, and will demonstrate popular techniques, including the Bona system.
- **Rewiring Lamps** (Office, near left) - Pete, Senior Everything Expert, will teach you how to save a lamp by rewiring it.
- **Installing a USB Recharging Outlet** (Office, near left) - Eric, Apprentice Electrician, will show you how to modernize your wall outlet by installing a charger for your devices.
- **Replacing a Door Lock** (Office, far left) - Ken, Expert Locksmith, will show you how to swap that old chipped or broken door lock for a new look or working lock.
- **Basic Tool Use** (Store, warehouse) - Joe, Store Manager and Big Dog, will provide an education on the essential hand and power tools you want, and how to use and maintain them safely.
- **Soda Stream** (Store, near customer service) - Skip Simmons from Soda Stream will show you how to make your own flavored soda at home, saving you money and a sore shoulder from lugging soda home.
