Bradstreet Enrichment & Sports Training (B.E.S.T.) will offer full and half day camps throughout the entire summer.

B.E.S.T. Camps are designed to keep kids active while enjoying a variety of team and individual sports as well as enrichment and educational camp activities. Camps will feature instructional classes in sports like **soccer, martial arts, tennis, golf, flag football and more**. Enrichment activities include exciting programs such as **wacky science, art and creativity, music, nature, dance, chess, and other fun academic enrichment classes**.

Sports and enrichment classes are taught by carefully selected **veteran coaches, teachers, or instructors who specialize in their particular activity**. These super sports and academic camps were created to incorporate important life lessons including teaching on healthy competition, sportsmanship, attitude, effort, creativity, sound educational principles, and more. All instruction components are specially designed to introduce sports and enrichment education in a recreational environment where kids can learn skills while having a great time!
