

# **NEW After School Program at Imagine. Bradstreet Enrichment and Sports Training (B.E.S.T.)**

**Imagine School is proud to announce a new** relationship with Bradstreet Enrichment and Sports Training (B.E.S.T.) who will assume before and after school program activities starting in August 2013.

Bradstreet Enrichment and Sports Training offers unique after school programs for kids **including tutoring/homework assistance, sports instruction with coaches who are experts in their fields, enrichment classes, and a unique character training curriculum.**

This innovative program is conveniently located at Imagine. The cafeteria/gym where the current after school program is housed will serve as the "home base" for our new after school program.

**Education, sports, and FUN** are the name of the game in this awesome program for kids in grades K through 8th.

## **What's the difference between our environment and a typical after school program?**

Although Tampa is a host to many after school programs, our program is unlike a typical childcare program with a community center mentality. Time spent at our program is full of **STRUCTURED** activity, learning, and FUN! ***There's nothing better than an active afternoon after a day of school!!!***

**What do the kids do each day/week?** *With a heavy emphasis on education and daily homework completion time,* your child will surely benefit from dedicated study time. Each day will feature **tutoring** and **study advice** to assist students in their quest for academic excellence.

Our sports and enrichment after school programs are designed to keep kids active while enjoying a variety of team and individual sports as well as educational enrichment activities. Bradstreet programs were created to incorporate important life lessons including ***teaching on healthy competition, sportsmanship, attitude, effort, and more.***

We keep our ratios low so that your child receives appropriate attention and supervision. Our sport instruction components are specially designed to introduce sports in a recreational environment where kids can learn skills from experienced coaches while having a great time!

**Who provides the tutoring? Who staffs the homework time?** We offer a homework and group tutoring time that far exceeds the offering of a typical aftercare program. At B.E.S.T., we provide homework assistance and tutoring through our network of ***experienced tutors and/or certified teachers.*** These veteran teachers offer expert study advice, homework help and school work assistance. ***Tutoring is offered FREE as part of this program!***

**What sports are part of the Bradstreet Sports curriculum?** Kids will enjoy a wide variety of sports such as: Martial arts, dance, soccer, tennis, golf, basketball, volleyball, flag football, and more. And they will learn about: Endurance, speed, flexibility, strength, nutrition, healthy habits, and more!

**What enrichment activities are part of the Bradstreet curriculum?** Our enrichment activities are fun and diverse. We include activities like chess, art, wacky science, music, nature, and more.

**Who teaches the sports and enrichment activities?** Teachers with specific experience in their particular specialty teach each activity. We use coaches and instructors who are experts or veterans at their particular endeavor. Kids will learn from our **black belt karate instructors, licensed soccer coaches, PGA golf pros, certified USPTR tennis professionals, professional dance instructors, drama coaches, experienced chess instructors, former college football players, experienced basketball coaches** and more!

### **What do kids do in the Character Training Program (CTP)?**

- Students will learn **about discipline, respect, educational excellence, self-defense and safety awareness issues.**
- Students will also participate in our *character training program with classes in core character training.* We use a **creative curriculum** to teach about the importance of **integrity, honesty, responsibility, leadership, and more!**

**What about sport leagues?** Sports leagues are an integral part of B.E.S.T. programs. Each year, Bradstreet incorporates several seasons of sports leagues for kids in our after school programs. Typical leagues include soccer, flag football, basketball and more. Kids are placed on teams by staff, wear special game day pinnies, and participate in a 6 week season ending in a championship week. League winners receive trophies, great character is rewarded with select sportsmanship awards, and more. **Practices are on weekdays during the regular after school programs. Games are held weekdays during the regular program hours as well.** Parents and spectators are welcome to come watch and cheer on their children as they run, score and have fun! No need to occupy weekends and late nights with out of the way practices and extra fees out of pocket. **Best of all, these leagues are FREE to after school participants.**

### **What are the program fees?**

- Afternoon rates are only \$53 per week (Best Rate). Single day rates may be purchased in advance at a rate of \$139 for 10 days or \$259 for 20 days.
- Morning rates are just \$43 per week (Best Rate). Single day rates may be purchased in advance at a rate of \$119 for 10 days or 209 for 20 days.
- Afternoon and Morning. A morning/afternoon discount is available for those paying for both sessions weekly (Best Rate Gold). The Best Rate Gold weekly fee is \$85.
- Siblings receive a 25 percent discount.
- The day rate for those who do not prepay is \$30 payable at pick up.

If you're child attends Imagine, call now to reserve your spot!
