

## OPEN YOUR HOME AND OPEN YOUR HEART BECOME A HOST FAMILY

---

Women & Families Center's Project REACH is looking for families like yours to become a Host Family. As a Host Family, you will provide temporary lodging in your home to teens in need of short-term respite.

We need families who have a desire and commitment to improve the quality of life for at-risk youth while taking into account their unique strengths and personalities.

If you are interested in becoming a Host Family, please call John Johnson at 203.235.9297 ext. 133 or [jjohnson@womenfamilies.org](mailto:jjohnson@womenfamilies.org). You could make a positive impact in the life of a teen!

*Host families will be provided with comprehensive training and a stipend.*

**Project REACH (Reaching Every Adolescent to Create Hope) is dedicated to providing services that empower youth to make choices in the best interest of their safety, well-being, and future.**
