The following are in the hopper:

- Training will be offered on Jan. 31st at 10:00 a.m. to local staff on electronic IWOs. Bill Stewart will be presenting the benefits for employers in signing on to receive electronic transmission of information through the federal portal.
- Updating the outreach and education section on the CSDA website. CSDA has begun making the website more user friendly and have added a question and answer section.
- We are looking for ways to best approach employers to join the federal portal.
- A survey will be sent to approximately 2,000 employers from e-mail addresses in CSE to gather information on how we can improve services within the next few weeks.
