The Nelle Johnson Offering was established to provide funds to enhance our serving and giving locally and to the world as an Association.

This year's offering will be used as follows:

Leadership Development - Healthy, growing pastors are essential for developing healthy, growing churches. We would like to develop SALT (Strengthen Associational Leadership Team) to support and resource our pastors.

This team focuses on supporting pastors with practical needs during hard times as well as creating opportunities for training, mentoring, coaching, partnerships, assessments, consultations, and whatever other means we can access to resource these men of God so they can continue to grow in their ability to lead, equip, preach, and impact their community for God; keeping in mind every pastorate is unique.

IBA Continuing Education Fund - Provides scholarship funds that benefit Northwest Pastors, Pastor's Family and Ministry Leaders to attend seminary, complete under-graduate studies, and etc.
