

Dear Governor Herbert:

In your State of the State speech in January of 2011, you proclaimed:

***"Utah is a State, not a colony.
And, we will not stand idly by."***

We couldn't agree more! Lead On, Governor!

Thank you for standing up for Utah's children and Utah's future by doing all in your power to rally our state and lead out with other states and our congressional delegation to secure our rights and benefits to our lands.

Our promise at statehood is the same as the promise the federal government honored with all states east of Colorado to timely dispose of our public lands (See, www.AmericanLandsCouncil.org). ***It has already been done before*** by states like IL, MO, IN, AR, LA, etc. And, ***it is the only solution big enough*** to achieve education equality for our children, and economic and political self-reliance for our State.

Please let us know what you are doing to make this happen and how we can help.

Sincerely,

Dear Governor Herbert:

In your State of the State speech in January of 2011, you proclaimed:
