

Gymnasium/Wood Floor Care

Water Based Products

HYDROTHANE

Single Part Wood Finish For Residential And Commercial Retail Applications

Hydrothane is a water based urethane formulated to provide professional results on wood floors, furniture, and wood trim. Hydrothane's clear gloss finish and good durability make it great for home and office floors that carry moderate traffic. Hydrothane is a pleasure to work with, levels well, dries in approximately one hour, is non-flammable, and has virtually no odor.

Product #560

HYDROTHANE HT

High Gloss, Water Based, Oil Modified Urethane Wood Finish For Gymsnasiums And Other High Traffic Floors

Hydrothane HT provides outstanding durability and gloss in an easy to apply, low odor, low VOC finish. Hydrothane HT is formulated for use on gymnasium and other high traffic areas like restaurants, retail stores, shopping malls, and office buildings. Hydrothane HT's single part formulation provides comparable durability to two part, crosslinked finishes without the risk of catalyzing to much material that would have to be discarded. Hydrothane HT's low odor formulation is a pleasure to work with, levels well, builds quickly and dries in approximately two hours. Hydrothane HT is non-flammable, and utilizes green chemistry and has a low VOC content of 150 grams/liter.

Product #561

SATIN HYDROTHANE HT

Satin Gloss, Water Based, Oil Modified Urethane Wood Finish For High Traffic Commercial and Residential Floors

Satin Hydrothane HT provides outstanding durability and a low gloss, satin finish in an easy to apply, low odor, low VOC finish. Satin Hydrothane HT is formulated for use on residential and high traffic commercial applications like restaurants, retail stores, shopping malls, and office buildings. Satin Hydrothane HT's single part formulation provides comparable durability to two part, crosslinked finishes without the risk of catalyzing to much material that would need to be discarded. Satin Hydrothane HT's low odor formulation is a pleasure to work with, levels well, builds quickly and dries in approximately two hours to a warm satin finish. Satin Hydrothane HT is non-flammable, utilizes green chemistry and has a low VOC content of 150 grams/liter.

Gymnasium/Wood Floor Care

Water Based Products

SYN-COAT

Penetrating Sealer And Conditioner For Synthetic Sports And Rubber Floors

Syn-Coat is a water-based urethane/acrylic for poured or sheet urethane, rubber, or polyvinyl chloride (PVC) sport flooring surfaces. Syn-Coat has excellent adhesion and durability while remaining flexible enough for Sport Flooring materials. This flexibility helps avoid the problems of fracturing and cracking often seen with some types of finishes. Syn-Coat is easily maintained with Tops Neutral Cleaner for routine soil conditions or Super Blue for heavier soil, and can be removed with Eliminator No-Rinse stripper. Note: Not for use on Robbins Durathon or similarly porous floors.

Product #570

WOOD GLOW Gloss Restorer

Wood Glow, Gloss Restorer heals and rejuvenates worn, tired looking wood floors in an easy to apply, low odor, low VOC mop on formulation. Wood Glow Gloss Restorer is formulated for use on high traffic areas like restaurants, retail stores, shopping malls, and office buildings. Wood Glow Gloss Restorer creates a high gloss, chemical and cleaner resistant, tough, barrier that resists traffic, scuffing and abrasion, to keep your valuable wood floors protected and looking like new. Wood Glow Gloss Restorer is non-flammable, utilizes green chemistry and has a low VOC content of 150 grams/liter.

Product #563

WOOD GLOW

Water Based, Cleaner/Degreaser And Refinishing Prep For Wood Floors

Wood Glow is a safe versatile cleaner that effectively removes food & protein based soils, grease, body oils, scuffs, and black heel marks from sealed wood surfaces without dulling the gloss. Utilizing different dilution ratios, Wood Glow can be used as a pre-finish-treatment when recoating gymnasium or other wood floors, as a cleaner and degreaser in routine maintenance programs or full strength for spot cleaning heavily soiled or greasy areas. Wood Glow quickly evaporates and will not dull, haze or streak the floor, and no rinsing is required. Ideal for use on gymnasium and commercial wood floors in restaurants, dining areas, retail stores and other areas where heavy soil loads make maintenance a challenge.
