## Pastoral Offices

This course provides an introduction to the history, purpose and liturgical forms of the pastoral offices in use in the Episcopal Church, including baptism and the catechumenate, confirmation, marriage, reconciliation, ministrations to the sick and dying, and the burial rites. Readings are drawn from the 1979 Book of Common Prayer, the 2003 Book of Occasional Services, and other supplemental texts that participants will find useful as they develop their skills in pastoral and liturgical practice. We will pay close attention to issues of inculturation and social context as we assess the effectiveness of the Prayer Book offices and related rites in a post-modern culture.

## Strategies for Teaching the Bible

Seminarians learn a great deal about the history and content of the Bible but can find it difficult, post-seminary, to translate their learning into knowledge that parishioners can use and share easily with others. This course will present six strategies for teaching the canonical story efficiently and impactfully in ways that lead to personal and communal transformation. Participants will both learn the content of the Bible afresh and how to teach it to others using the same methods.

**Instructor:** The Rev. Dr. John Dally

**Dates:** September 27-28, November 1-2 and December 6-7 in Chicago.
