AboutFace Resources

Facing It Together: A resource guide to prepare and support parents raising a baby with a facial difference.

Facing it Together is a workbook and DVD to provide support, insight and effective strategies to deal with some of the major issues that you will face during the first few years of your child's life. [Facing it Together](#) is free for Canadian parents of children under the age of 5 with a facial difference.

Spanish version of "Facing it Together" is coming soon!

Cost of Book + DVD: \$15.00 + shipping and handling

Jessie's Blessing

Jessie's Blessing is a picture storybook for children ages 3-7. It teaches acceptance and understanding. This book is also available in French.

Cost of Book + CD (English): \$15.00 + shipping and handling

Cost of Book (French): \$15.00 + shipping and handling

Making Faces – Logan's Cleft Lip and Palate Story

Making Faces: Logan's Cleft Lip and Palate Story is a picture story book that documents the cleft treatment process from birth to young adulthood through the personal journey of Logan Bristow. The story touches on many of the issues families face when their child is born with a cleft, the treatment process as well as friendship, teasing and bullying and preparing for hospitalization.

Cost: \$19.50 including shipping and handling

My Baby Has A Facial Difference is a guide addressing common medical, social and emotional issues for new parents as they begin the journey of raising a child born with a facial difference. It is available in English and French.

You, Your Child and the Craniofacial Team is a guide for parents to help understand and become effective participants in the “team approach” to medical treatment of craniofacial conditions. It is available in English and French.
