

## **Next Workshop:**

- Tuesday, April 5<sup>th</sup>, 2011
- 7PM-9PM EDT.

## **Recommended Study Tools/Resources:**

- **A King James Bible or New King James Version**
  - For study purposes, they keep you closer to the actual words used or meanings implied. It's still good to read other translations, but for study, you need to go back to a more original version.
- **"Figures of Speech Used in the Bible"** ...Explained and Illustrated, by E.W. Bullinger.
  - Other E.W. Bullinger Resources we recommend:
    - Number in Scripture – Its Supernatural Design and Spiritual Significance
    - The Witness of the Stars
    - How to Enjoy the Bible – 12 Basic Principles for Understanding God's Word.
- **The Name Book** – Over 10,000 Names – Their Meanings, Origins, and Spiritual Significance by Dorothy Astoria.
- **How to Study Your Bible** – Inductive Bible Study by Kay Arthur
- **Dictionary of Biblical Imagery** – An encyclopedic exploration of the images, symbols, motifs, metaphors, figures of speech and literary patterns of the Bible. General Editors: Leland Ryken, James C. Wilhoit, Temper Longman III.

At this point, try to **refrain from reading any books on dreams and interpretation other than the Bible**, even though they may be Christian. We want to teach you to research it for yourself and allow God to show you personally through His Word. Everything we do will bring you into the Word of God and scripture will speak for itself.
