

whitstable harbour village

The community of local artists, artisans and independent retailers.

Visit the fabulous seaside shopping experience in the heart of Whitstable's beautiful working harbour this week-end and meet Kentish food producers, artists, artisans and entrepreneurs all selling their wares from traditional fisherman's huts.

There are now more than 30 harbour traders in Whitstable's own UP-market offering local art, food, gifts, produce, crafts and toys and many have moved on to set up successful shops and businesses all over Kent.

Look out for our special events and traditional seaside Punch & Judy shows or meet for lunch in the new Kentish Food Quarter.

Whitstable Harbour Village offers a vibrant seaside shopping alternative to dreary out of town malls and boring clone towns so come and say hello this week-end.
