Win a New Kitchen Suite for Ronald McDonald House®

Novak & Parker proudly announces Kitchens for Kids, a design contest supporting families of hospitalized children at Ronald McDonald House®.

Ronald McDonald House® cares for families of children with complex medical needs by providing comfort, compassion, and community in a 'home away from home'. Each and every night, the kitchen at Ronald McDonald House® is filled with a home-cooked meal and supportive conversation.

Novak & Parker, a third generation family-owned company, understands the importance of family. That's why Novak & Parker is grateful to be able to partner with the design and build community to help families of hospitalized children staying together at Ronald McDonald House®.

Enter today for your chance to win a new Whirlpool kitchen suite for Ronald McDonald House® Charities of Chicagoland and Northwest Indiana. See contest instructions at the right.

The winning design/build company will be graciously acknowledged at the NKBA/NARI meeting on May 21st. The winner will also receive name recognition within the Ronald McDonald House®. Please contact me with any questions.

We greatly appreciate your support for this significant cause!
