Press Release by Centergy:

Centergy, Inc., the Central Wisconsin Alliance for Economic Development, recently announced that Peg Sullivan has been hired as Interim Executive Director effective as of January 16, 2012. Sullivan assumes this interim role in connection with the upcoming departure of Barb Fleisner. Fleisner has served as Executive Director of Centergy since August 2008 and will be joining the Wisconsin Economic Development Corporation (WEDC) as Regional Account Manager based in Green Bay in mid-January 2012.

“Peg brings a wealth of senior management experience to Centergy and is very familiar with our programs and priorities. Peg was a member of the board of directors of Centergy from 2007 through 2011 and played a leadership role in Centergy’s recent restructuring,” said Bill Tehan, President of Centergy.

Sullivan resides in the Stevens Point area and was employed with Sentry Insurance for a number of years, most recently as Vice President of the Sentry Insurance Foundation and Director of Community Relations.

“I am looking forward to assuming an active working role with Centergy and to continue Centergy’s programs during the upcoming transitional period until a full-time Executive Director can be hired,” said Sullivan.

Centergy has posted the position of Executive Director and is accepting applications for this position through January 31, 2012. “We have formed a search committee comprised of members of the Centergy Board and hope to complete the process of selecting a new Executive Director for Centergy by the end of March 2012”, stated Tehan.
