The Second Annual Momentum West Legislative Day is packed with valuable events and opportunities this year. We are partnering with the Wisconsin Manufacturers and Commerce Business Day at the beautiful Monona Terrace in Madison for "Wisconsin's Premier Legislative Conference".

Events include nationally-known keynote speakers Dr. Larry Sabato, Stuart Varney, and Governor Scott Walker. The Legislative Day registration also includes travel by motor coach to Madison, a caucus with our 16 local legislators, lunch and refreshments. In the afternoon, you will have the option to attend pre-arranged small group visits with state legislators or see Congressman Paul Ryan (**Please see box below.**)

Momentum West invites community, business and government leaders to join this 10-county effort for the purposes of strengthening the area's relationship with state government, better positioning the region in economic development, and networking with leaders from the region and the state.

A block of rooms has been reserved at the Hilton Hotel for those wishing to stay overnight, mention "Business Day In Madison" when reserving a room.
